Planning Design Economics

How NLP can help

We have the range of skills and services necessary to assist in the delivery of major infrastructure projects:

- Design and access statements
- Developments progressed under the Transport Works Act 1992 and Electricity Act 1989
- Economic impact assessments
- Environmental impact assessments
- Heritage assessments
- Masterplans
- Planning appeals and call-in inquiries
- Planning applications
- Planning obligations
- Public consultation and community involvement
- Representations to emerging policy
- Sustainability statements

Major Infrastructure Experience

NLP has extensive experience of advising on major infrastructure projects as well as projects involving the redevelopment of surplus infrastructure sites across the UK, including:

1. Daventry International Rail Freight Terminal
ProLogis
2. Former Swan Village Gasworks, West Bromwich
National Grid Property
3. Northern Gateway Container Terminal, Teesside
PD Ports
4. Nuclear waste recycling facility, Cumbria
Studsvik UK
5. St Pancras Channel Tunnel Rail Link
London Borough of Camden
6. Stansted Airport
BAA
7. Surplus Dockland Strategy
Port of London Authority
8. Transatlantic fibre optic cable landing stations, Land's End
Penwith Borough Council
9. Anaerobic Digester and Plastic Recycling Plant, Ebbw Vale
Plastic Sorting
10. Wind turbine site assessments, south east of England
